March 2014

UI DESIGNER & DEVELOPER Egypt – Mansoura

At Mnbaa company

I was a UI Designer and development I was capable of working on the whole website from the very beginning scratches to the end. I pay special care and attention to the details to perform the tasks perfectly with zero mistakes. This is because of continuous testing on all the browsers, taking comments and ordering during encoding and taking in consideration pixel perfection using sass and less. Meanwhile I produced a framework of my own by using Oocss very similar to bootstrap.
- October 2011
July 2011

UI DEVELOPER & VIDEO DESIGNER Kuwait–Hawalli

At FLASHPOINT – Electro & Digital Media Company

I worked in the production of videos as the company owned a group of advertising-led-displays all over Kuwait and offers advertising services to businessmen and different trademarks and companies such as designing ads and displaying them on the large monitors. Designing these commercial video ads to support the company and its vision was my responsibility as well as being a front end developer for the web sites we offer to businessmen in addition to the displayed commercial videos.
